A Note from the IT Security Team:

Our goal is to provide a more secure network experience for University of Florida users. Much of our success relies on your responsible use of the information contained in this brochure and at the indicated websites.

If you have any unanswered questions relating to security, feel free to call (352) 392-2061, contact abuse@ufl.edu or visit our website at: http://infosec.ufl.edu

This document is also available online at http://infosec.ufl.edu/orientation/ with links you can follow directly.

For more pamphlets or literature, please contact: ufirt@ufl.edu
As an IT worker for the University of Florida, you have a number of responsibilities. This guide provides resources to help you understand your responsibilities and do your part to keep the UF network safe.

### IT Central

**The UF Office of Information Technology**
This central office provides direction and strategic planning for computing standards, resources and management. As a whole, this office serves to enhance the IT experience at UF:
